

## Getting to Know You ~

### The Kim Family

George and Tonya have been married for 20 years as of last November. They met at Kettering, Ohio. They met at the Kettering College of Medical Arts. Originally George asked Tonya out but she had another boyfriend so turned him down. After getting to know each other for a year at various youth group get-togethers and at a gym where George worked out and Tonya worked, he asked her out again and this started a one-year dating relationship, followed by a one-year engagement period and then marriage in 1997. They married at Mt. Pisgah Academy Church. George finished his residency in Kettering, Ohio at Wright State University at the same time Tonya finished her R.N. Degree. Shortly afterwards, they started married life in Arden off Long Shoals Drive and both were working at Park Ridge Hospital, Tonya in medical surgery.

George worked at Park Ridge for six years and they prayed about where to go. After about a year of marriage, they bought a home Jeff Harms had renovated to be close to Tonya's parents, Maurice and Nancy Franks. They have been in this area for 19 years. For a year George worked with a Dr. Casp in Rutherfordton which was a blessing as when George started practicing on his own, he was able to bring many patients with him from his Rutherfordton practice. They started Advent Internal Medicine in 2004.

The Kim's were starting to

consider having a family. After three miscarriages, finally along comes Alexa in 2005 and they were so thrilled to have their little baby girl. From the beginning of their marriage, they knew Tonya would be home with the children, but not until later did she realize that God was leading her to home schooling. Judah, their baby boy, arrived in 2006. At this time the way was opened to move to Silver Creek Drive to the Eckmann's previous house. Eventually they moved out to Mill Spring where they live currently and have been there about seven years. With two babies, starting a new practice and moving to a new home in Mill Spring (a foreclosure which God paved the way for them to purchase), the Kim's experienced some trials and challenges. Finances were tight and it took a year to sell their Silver Creek home which Chris Carney eventually bought. The new home required a lot of little repairs, but the sellers actually painted the house, put a new stove in, and replaced the flooring – all unexpected. Although the paperwork for the purchase of the house looked that it would not be ready, the postmaster called them at 6:30 a.m. stating a piece of mail looked important and time sensitive. They saw this as another confirmation from God to purchase their home.

When asked about some family highlights, they all agreed on three: 1) Their trip to Korea to see their heritage, 2) Spending a quiet evening together playing games or taking a walk and 3) Giving Bible studies. Do they have a typical day? Here is what they strive towards:

5:30 – 6:00 a.m. George & Tonya are up;

6:30 – 7:00 a.m. Alexa & Judah are up in time for family breakfast that often includes watching 3ABN and eating an atypical and hearty breakfast; often go for a morning walk or exercise to “Body & Spirit” on 3ABN or YouTube. 7:45 a.m. George leaves for the office after family prayer and good-bye waves;

8:00 – 9:00 a.m. Tonya and kids read Great Controversy and learn the book of James; then the kids often have time now for personal prayer and devotion;

9:00 a.m. Both children practice music, Alexa the piano and Judah his cello.

10:00 a.m. One child does math using a

computerized program called Teaching Textbooks; Tonya teaches the other Language Arts – “Good and Beautiful” program.

11:00 a.m. The children switch out the 10:00 a.m. activities;

Noon Time for Science – Apologia;

1:00 p.m. They can often be found eating lunch while watching YouTube videos by people like Neal Nedley or “Health for a Lifetime” or 3ABN’s “The Heavens Declare” by Jim Burr.

In the afternoon, you would find the kids practicing their handwriting, and reading or doing history. Alexa's reading book is currently “The Lost Art of Thinking” by Neal Nedley. Alexa reads out loud and Tonya teaches vocabulary words as well as difficult

## Getting to Know You ~

Continued from page 7

concepts that are discussed. Judah's reading book is currently a science book on mammals. They like to be done by 3:00 p.m. when they like to exercise and get fresh air.

3 – 4:00 p.m. They will sometimes meet some people at the park and go walking at a track with Polk County Middle School;

5:00 p.m. The kids eat something light like rice and/or fruit.

7:15 p.m. Family has worship and learn songs out of the hymnal. They also pray and do some lesson studies, keep a book of blessings and journal.

8:00 p.m. The kids are in bed and you would find George doing paperwork and Tonya just catching up from the day.

When asked about their favorite Bible verses, Alexa loves the whole book of James, Tonya's favorite is Jeremiah 29:11 and 1 Thessalonian 5:18. George likes Isaiah 41:10 and

Proverbs 3:5-6. Currently the Kim's hold Bible studies on Friday evenings and Sabbath afternoon. They have eight non-Adventists attending. They are studying A Pale Horse Rides, Shadow Empire and look forward to sharing Prophecy Foundation and "His Harvest is Ready" by CA Murray.

When asked about their favorite interests and/or hobbies, Alexa did not hesitate to say reading; then playing with friends, piano, trampoline and playing with her Yorky. Judah loves his go-cart, playing with his bird, a Cherry-Headed Conure, and playing his cello, plus trampoline and his remote control helicopter. And, of course, both George and Tonya love gardening. George especially loves music, archery, golf, and tennis. Tonya especially likes spending time with family and friends, backpacking, hiking and reading educational books. They are so thankful for their church family and the friends that they have and are making. They give God the glory for everything in their lives.

Studying for Bible Bowl Experience

## Tryon Winter Olympics

Lorna Dever

Many people asked how we could have Winter Olympics in the gym, but those who came to enjoy them were not disappointed in the fun we had.

Deb and Don Grant, and Deb's sister, Vicky, treated us to an awesome supper prior to enjoying the Olympics.

Tables were decorated with flags from the top 26 nations, minus Russia, who have won the most metals in previous games. The participants in our Olympics got to choose the flag they wished to play under. The Olympians and the countries they represented were: Ethan Owens, Australia; Zina Ishwar, Canada; Emily Ford, Croatia; Alivia Owens, Czech Republic; Jonathan Wolff, Germany; Victoria Wolff, Great Britain; Judah Kim, Norway; Benjamin Owens, Poland; Alexa Kim, South Korea; Jonathan Alvarez, Sweden; Amy Ford, Ukraine; and Juliana Wolff, United States.

The participants spread themselves around the gym as we awaited the Olympic torch to arrive by one of the runners who entered and then it was relayed around the group from the various nations.

The first event was speed skating. A course was designed around half of the gym and each contestant had to see how fast they could maneuver the course sliding in their stocking feet. The bronze medal winner was Jonathan Wolff; the silver went to Benjamin Owens; and the gold to Juliana Wolff.

The cheering from the spectators continued with bells ringing, kazoos

buzzing, and lots of clapping as we turned to the next event – Giant Slalom. Winners in this event included: Bronze, Alexa Kim; Silver, Amy Ford; and Gold, Zina Ishwar.

Next was Ice Hockey, with the contestants dividing into two teams and playing the Blue Shirts against the Other Shirts! There were fears of someone getting hurt as the Olympians slid around the floor hitting the puck with their bamboo hockey sticks. Fortunately, the only thing to sustain damage was the puck, which was a can of cat food!

The Bobsled event brought on more cheers as the Olympians paired off and dragged each other across the Olympic floor on a sheet. The team to win the Bronze was Jonathan Alvarez and Zina Ishwar. The Silver went to Emily Ford and Juliana Wolff, with the Gold being presented to Amy Ford and Victoria Wolff.

The final event prior to the Awards Ceremony was the Biathlon. The contestants wound through a course sliding on their stocking feet using bamboo ski poles. Partway through the course they came to a chair with three bean bags on it facing a table with a soda jug on it. They received extra points if they could knock the jug off within three attempts. Jonathan Alvarez took home the Bronze in this event, while Emily Ford carried the Silver, and Juliana Wolff the Gold.

Every contestant went home with some kind of prize, but most of all, everyone went home having had a wonderful time! Thanks to everyone involved who made the evening special for everyone who came!

## Kitchen Korner

Deb Grant

### “Over Night Oats”

1/2 cup oats  
Pinch of salt  
1 Tbsp brown sugar, or alternative sweetener  
1/4 cup raisins  
Milk or milk alternative, enough to cover.

Mix all in a bowl before bedtime. Cover with lid. Refrigerate over night. In the morning stir and enjoy. Add nuts for a crunch and may be heated, if you wish.

Options: Add nuts, frozen or fresh fruit to suit your taste.

Great to let kids help make their own!

## Pathfinders Sell RADA

Chrisy Witt

The pathfinders are doing one fundraiser this year which is the RADA knives. If anyone is interested in purchasing some high quality knives to support the pathfinder club please contact Chrisy Witt and I will get a catalog to you. 828-447-0649”

The following recipe was used for the lasagna at last month’s family social “Olympic Games” event. I was asked to share it. This, of course, is the basics and you can add vegetables, dairy alternatives and spices as you wish.

### Easy Lasagna

1 box of “Oven ready” Pasta, UNCOOKED  
1# Shredded Mozzarella cheese  
1 container Ricotta Cheese (optional)  
1/2 c grated Parmesan/Romano cheese  
2 Jars Sauce (I used Classico Basil)  
Chopped Spinach, fresh or frozen (optional)  
Basil, Fresh or dried  
Salt, as needed

Preheat oven to 375.

In greased dish make layers in this order:

Sauce, noodles, ricotta, Mozzarella, spinach, sprinkle with basil.

Sauce, noodles, ricotta, Mozzarella, spinach, sprinkle with basil.

Sauce, noodles, sauce. Top with Parmesan/Romano cheese.

NOTE: When sauce jar is 1/3 to 1/2 empty, fill with water and use the diluted sauce normally. I found this helped the lasagna be more moist.

Bake at 375° for 40 minutes. Test noodles for tenderness with fork. Cook longer if necessary.

## Pop-up Markets

Lorna Dever

From time to time I get asked, “What is a ‘Pop-up Market’?”

My first desire is to say, “Come join me some Tuesday and you will see,” but I share a brief response something like this: We get food from Manna Food Bank in Asheville, which we take out in our vehicles to low-income people in the community. Many of our clients have little or no income, or are on fixed incomes such as Social Security or Disability. Many of them also get Food Stamps, but have you ever tried to purchase your groceries with only \$30/week for grocery expenses? Maybe you should try it for just one week and see what it is like. We are the bridge that helps many of these people make it between their income and their Food Stamps.

We started the Pop-up Markets in the East Side community of Tryon. I really wish you would go along one week with me and hear their words of gratitude. Except for a hiatus right after I hurt my back I have been working that venue.

Wanting to do a venue Wanangwa and Ronnie could help me with and to fit their schedule, I opted for some low income places on Levi Road and Smith Waldrop. We have been going there for a couple of years now and have built some great relationships there as well.

Ronnie recently told me that when I first asked him to try the Pop-up Markets he was a bit reluctant, but now he looks forward to them.

I could tell you many stories of

how God has led us, but here is one of my favorites:

Early in our ministry there was one trailer we went to and were told they didn’t need any food. Later the trailer had new occupants, but we had not tried again. One Friday evening when we were going to the neighboring trailer I started to stop there first, but Wanangwa and Ronnie protested due to our previous experience. Even though I shared that I believed there were new occupants, they still declined so we went on to the next two places. As we were ready to leave that area I pulled back over towards that trailer. They were not happy with me, but went to the door anyway. They were greeted by a young mom with two children and a dad without work. They were so appreciative of the food because the dad had just lost his job, they had just moved up from South Carolina, and Food Stamps had not started yet. They kept thanking us and saying that they were going to be able to enjoy a “real meal!”

Recently we had some Kleenex with us and this same young lady exclaimed, “We can use this for toilet paper!” It made me realize that Food Stamps don’t cover non-food items. I’m hoping we can find some avenue to help with non-perishables that Manna doesn’t carry as often.

Another comment this young lady made was that “You have helped us more than any other place.” Let’s pull together so we can keep helping people like this who need us to be the hands of Jesus.

## Members Reach Out to Community

Bev Cook and Myrna Esh recently were invited to present a cooking class at Woodruff Community Center at request of the local SDA Church. It took place three Sundays in a row (February 11, 18, and 25). With an average attendance of 50 each week, 99% non-Adventists, this community caught the vision of the health message and were excited.

Often after a two-hour seminar, the people are ready to go onto other things but not this group. They hung around asking questions and just socializing in general. The members of the Woodruff SDA Church who staffed the seminar worked as a real army for the Lord. They were organized and fully in sync with one another. The community is now ready for further classes and interest is at an all-time high. The church will be planning further outreach activities in the very near future.

The cooking class consisted of PowerPoint, food demo's, DVD clips, and food tasting following by door prize drawings of health and cooking books. From Raspberry Torte to Curried Cauliflower to butter to cheese sauce, these people were in a super receptive mode. We thank God for the abundant blessing there is in serving.

## Hear2Help

Lorna Dever

**HEAR2HELP** Seminar, Monday, March 5, 6 - 7 p.m., Morgan Center. Anyone who has contact with people in the community is invited to join us for this training/informative seminar. H2H is a collaboration between PF3 and Foothills Health Network that provides and disseminates information on community health and wellness resources, as well as information about how to access these resources in Polk County. The program is volunteer-based and utilizes agency personnel (who have ongoing contact and relationships with the community) to more efficiently educate on resource availability. H2H volunteers listen to the needs of local residents and identify gaps and barriers to access. H2H works with collaborating agencies by providing volunteer and staff training on the H2H program that includes a Community Resource Guide that will be updated as needed.

The H2H program is looking for interested organizations to participate, hence their request to use our church in the pilot project within the faith-based community. I will be the liaison for this outreach opportunity.

If you have any questions, please contact me, Lorna, 828-817-1544, or [news@tryonsdachurch.org](mailto:news@tryonsdachurch.org).

## Intercessory Prayer

Continued from page 1

We have 22 people on our Prayer Warrior Team. I am praying for 27 more to join us – giving us 50! You may receive prayer requests or praises through text messages or e-mail whenever prayer requests are sent to me. You are not required to respond, unless you desire. You pray for the requests in your own time – nothing demanding.

My goal is to find 50 people by the end of March willing to commit to pray every day for our church, Pastor Bran, and his family.

Will you join me? Let's see what God will do for our church in the next six months!

~ Lorna Dever, 828-817-1544,  
serendipitykids@gmail.com.

## Sea of Miracles VBS

Arden SDA Church

Be sure to mark your calendar for the week of June 25 - 29 as we launch a new adventure in VBS experiences with the Sea of Miracles. Walk in the footsteps of Jesus along the edges of the Sea of Galilee and climb the surrounding mountains for a mountain top experience with Jesus. We will be recruiting volunteers to help with the usual stations, and posting a list of items that we would like to borrow for set-up and for donation. Thank you for your interest in our children! See Desiree Magnant if you'd like to donate of your time, or dollars for the VBS fund.

## Hot Diggity Dog

Desirée Magnant

### ACBC Food Sale for a Great Cause

Place your orders in advance and enjoy our book/food sale with the ACBC on site at the Morgan Center on April 4 between 3 - 5 p.m. Sales' Sheets will be available and posted on the church and school bulletin boards. You can order through Sara Wolff, Desiree Magnant, or Jackie Green.

Proceeds from the vegetarian food case sales will go to support the new Bible curriculum at the Tryon Seventh-day Adventist School.

The cost to implement the curriculum was around \$2,000. Your purchase of food supplies will help with the books and materials for the program.

Thank you for supporting our school.

## Do You Read Books?

Wanangwa Hartwell

We would love for you to read some of the church library books and write a book report to submit to the church newsletter. We accept DVD reports too!

### Tuesdays started on February 6

Keith & Des Magnant home, 6:30 p.m.  
123 Gray Court, Rutherfordton, NC 28139  
Keith, 904-707-6792; Desiree, 386-481-8215

### Wednesdays started on February 7

Chet and Bev (Wally McDaniel & Terry Bantz home), 6:30 p.m.  
2795 Green Creek Drive Columbus, NC 28722  
Home, 828-863-2774; Bev, 704-692-6667

Roger Peden, (River Rest Home), 6:30 p.m.  
120 Warrior Drive, Tryon, 28782  
Roger, 828-280-2088

Kelley Edney (Tryon Church School Lunchroom), 6:30 p.m.; 828-817-3744

### Thursdays started on February 8

Lorna Dever (Church Foyer), 3:30 p.m.;  
828-817-1544

### Fridays started on February 23

Jonathan and Sara Rowe home, 6:30 p.m.  
2346 Manus Chapel Road Mill Spring  
Jonathan, 828-817-2653;  
Sarah Rowe, 828-817-3315

## Our Missionaries in Turkey

We look forward to seeing Trey and Vicky Brown this year. They will be on furlough from Turkey from August through December. They will be visiting us during that time and we hope to secure a date that they can share their experiences in detail for our whole church family from the pulpit. More details will be forthcoming.

## Minikus' in Concert

Arden SDA Church

We are having a vespers service with a concert by Matt and Josie Minikus here at the Arden church March 10 at 6 p.m. and would like to invite the area churches. I have heard them several times in concert before and they are really good!

A love offering will be collected and they will have their merchandise for sale after the concert.

## Advertising

Intercessory Prayer

Taken from Before Amen by Max Lucado

..... Max Lucado tells of an experience he had with the Oak Hills Church in the early 90's. He visited the Skyline Church in San Diego because he had been invited to speak by their pastor, John Maxwell. Lucado agreed in exchange for Maxwell's advice for growing a healthy church.

Maxwell's quick response was, "Prayer!" He then told Lucado to recruit 120 prayer partners who would commit to pray daily for the church, Lucado, and his family. On returning to San Antonio, he announced the plan to the congregation. Within a month he had his team.

Six months later Max was happy to send his report to John! They had broken their Sunday attendance record twice. They had finished the year with their highest ever Sunday attendance. They had finished the year well over budget. They had witnessed several significant healings. Church antagonism was at an all-time low and church unity was at an all-time high. They have seen more people come to Christ than any previous comparable period in the history of their church.

Max says he was stunned! They felt God's wind in their sails and all they had done was increase their resolve to pray for others. He continues, "As we double our effort to pray, God doubles His effort to bless."

Max Lucado's Pocket Prayer: "Father, You are good. I need help. Heal me and forgive me. They need help. Thank you! In Jesus' name, Amen." Keep this prayer in your pocket as you pass through the day. Prayer is conversation with God in whatever you are doing.

Mrs. White says, "Prayer is the opening of the heart to God as to a friend. Not that it is necessary in order to make known to God what we are, but in order to enable us to receive Him. Prayer does not bring God down to us, but brings us up to Him." *Steps to Christ* 93

## Bible Experience

Wanangwa Hartwell

Hi everyone! As I write this we are getting ready to leave for Nosoca Pines Ranch. The Tryon Mountain Troopers Pathfinder Club Bible Bowl Team (Stevie Milks, Chase Warner, Brooke Witt, Aubrey Witt, and Jonathan Wolff) passed the first round (area level testing at Spartanburg SDA Church) with flying colors! They've been studying hard for the next round though, as it will probably be quite a bit more difficult.

You won't see any of us at church this Sabbath so if you're reading this on Sabbath morning, March 3, I hope you're praying for us! Testing will be at 10:00 a.m. and will probably last for a couple of hours. They will have the awards ceremony after lunch. Teams are graded on a curve -- they take the highest score of any team present and all teams that score 90% or above of that team's score wins first place (including the team who got the highest score -- we don't know who that team is). Any teams that score 80% of the highest score receive second place and anyone who scores below 80% receives a third place certificate.

All the teams that receive first place go on to compete at the Southern Union testing on March 24 at Georgia Cumberland Academy. If they receive first place there, they go on to the North American Division testing, which this year is being held at Forest Lake Academy in Orlando, Florida. Please keep us in your prayers as this would be an awesome witnessing opportunity if our kids were to advance to the higher levels. Thank you and God bless!

## They Aren't What You Think!

Young Disciple, Vol. 7, Num. 36

Fireflies aren't flies;  
They are beetles.

The horned toad is not a toad;  
It's a lizard.

Starfish aren't fish;  
They're echinoderms.

The electric eel is not an eel,  
It's a type of fish called a knifefish.

Mongoose aren't birds;  
They're small mammals found in Asia and Africa.

Bald eagles aren't really bald.  
Its name comes from the old English word balded, which means "having white fur or feathers."

Daddy longlegs isn't a spider.  
It has only one body segment and it doesn't spin webs.

Spiders aren't insects;  
They are arachnids. Insects have 3 body parts and six legs; arachnids have 2 body parts and eight legs.

"All human beings have three images: their projected image, their perceived image, and their actual image. Your projected image is the way you desire others to see you. Your perceived image is how others see you. Your actual image is who you really are." *Are We Who We Seem to Be?*  
(excerpted from John Bevere)
